

Tuning in to Kids®

Emotionally Intelligent Parenting

A parenting program for parents of children aged 3 – 12 years

Learn how to be better at:

- talking with your child
- understanding your child
- helping your child manage their emotions
- preventing behaviour challenges in your child
- teaching your child to deal with conflict

Tuning in to Kids® shows you how to help your child develop emotional intelligence.

Children with higher emotional intelligence:

- have greater success with making and keeping friends
- have better concentration at school
- are more able to calm down when upset or angry
- tend to have fewer childhood illnesses

Emotional intelligence may be a better predictor of academic and career success than IQ!

Where: TBA – Coffs Harbour area

When: Seeing interest for a Term 4 program
